Why study with us

We are an independent academy that solely focuses on individual training, therefore we keep our classes small to give our students the best possible hands on training. Our students receive more than just learning a skill, we help them understand the industry's in's and outs, give them business guidelines to help them build their passion into a successful business.

Each student will get the opportunity to job shadow great professionals in the industry and obtain enough experience and confidence for their future careers. All courses are Internationally accredited, and are recognised world wide. We are partnered with Estee Lauder Companies, therefore our students will receive preference to placements within the retail sector.
